## TURNING STATE'S EVIDENCE TODAY TAYLOR POSITIVELY SAYS HE SAW GEO. COLLINS MURDER HOMER LOAR

### Nephew of Murdered Man Gives Unexpected and Sensational Evidence in the Trial Before Judge Seward.

#### PRISONER UNMOVED BY STARTLING WORDS WHILE LOAR'S WIDOW BURSTS INTO TEARS.

#### Witness Declares He Saw Collins Bend Upon One Knee And Fire Shot Which Killed Loar Last December During Strike of Stove Polishers at The Wehrle Foundry.

The most sensational of any testimony yet introduced in the Collins murder trial, was brought out Wednesday morning when the State's third witness of the day, Hugh Taylor, was called to the witness stand by Prosecutor Fitzgibbon, and turning State's evidence, from the stand, positively identified the defendant, George Collins, as the man who shot Homer Loar. Taylor, who was a nephew of the murdered man, was jointly indicted with Collins for the crime.

The scene in the court-room when the witness was lead up to the statement by the prosecuting attorney was indeed dramatic. When Taylor, from the witness stand, accused Collins and positively identified as the man who bending upon one knee, fired the shot which killed Homer Loar, all eyes in the court-room were turned toward the prisoner, who sat gazing steadily at his accuser from out his piercing black eyes. Not a sign of emotion of the slightest degree was visible. The immediate relatives of the murdered man who sat in the rear of Prosecutor Fitzgibbon burst into sobs and the witness, without a waver told his story, and later held up very well under the cross-examination of Mr. Webster, of counsel for the defense.

Much to the surprise of those in the court room, Hugh Taylor, jointly indicted with Geo. Collins, was called as a state witness. Taylor was instructed by the court that his testimony was voluntary and that he was not compelled to answer any questions which would tend to incriminate himself.

"Do you know George Collins?" inquired Prosecutor Fitzgibbon.

"Yes, sir."  
"How long have you known him?"  
"About nine months."  
"Previous to the shooting how long did you know him?"  
"About four months."  
"Where were you about 2 o'clock on the afternoon of December 21?"  
"In Embury's saloon."

"Who were some of those about there?"

The witness then named Hartor, Cobel, Collins, Heninger and Raab, together with some others.

"Before leaving that saloon I'll ask you if any instructions were given you?"

At this point the defense objected and Attorney B. G. Smythe, who is to represent the witness in his trial, requested that the witness be cross-examined by him before the direct examination. The motion was overruled.

"A couple of them told us to go down to Sixth or Eighth street."

"Who told you to go?"

"Raab and Heninger."

"What positions did they occupy with reference to the Polishers' Union?"

"They were officers."

"Did you see Collins?"

"Yes, sir."

"Where?"

"Near a grocery at Union street."

"Where, with reference to the foot bridge, did you leave Collins?"

"Out by the head light station."

The witness stated that he crossed the foot bridge just after the Hanover boys.

"After I went across, I noticed several fellows run toward the next street. I trotted down the bank and through that ball ground and passed Willey and Crown. Then I saw a fellow drop on his knees and shoot."

"Who was that fellow whom you saw shoot?"

"GEORGE COLLINS."

"I want you to look at that defendant and say whether he is the man who shot."

"Yes, sir, he was."

"Whom did he shoot?"

"He shot my uncle, Homer Loar."

"What did you see Loar do?"

"I saw him stagger and turn and walk back."

At this point the sobs of the family of the murdered man could be heard over the court room. When the accusation was made, all eyes in the court room were turned toward the defendant, who gave not the slightest evidence of being the least disturbed.

"Weren't you looking for Homer Loar, your uncle?" asked Mr. Webster, on cross examination.

"Well, not especially."

"Isn't it true that you were to meet Loar and give him some money, that you knew that his family's condition was such that he was out of money, that he had been drinking and had not been supporting his family?"

"I knew that his family needed help, but not that he had been drinking."

The witness further stated that he went to the bridge after the Hanover party for the purpose of talking to Loar about the money, and to ask him not to go to work at the "shop."

The witness also stated that he told Cobel shortly after, in front of one of the saloons on the corner, that he saw Collins shoot at Loar, but did not know whether he was hit or not, but did not learn until afterward that Loar was killed, and that he went directly home and that the first he knew of his being charged with the murder of Loar was long after his arrest.

TAYLOR CROSS-EXAMINED.

The cross-examination of Taylor was resumed Wednesday afternoon. The defense's attorney, Webster, referred to the arrest of his (Taylor's) father-in-law, Oden, asking the witness if he saw his father-in-law at the scene of the crime. He answered that he did not.

The witness was shown a sketch of the scene of the crime, and with a pencil marked the position of the men at the time of the shooting, showing Collins standing facing the south Loar facing partly toward the canal, and Taylor himself standing over toward the canal at the instant the shot was fired.

Taylor was asked by Attorney Webster if he had not told a prisoner in the jail that he had received a letter telling him that Collins was going to testify the crime on him at this trial. He answered that he had not said so, de-lying the statement with the remark:

that it was just the reverse of the facts.

By Mr. Fitzgibbon: "Messrs. Phil Smythe and Webster called on you at the county jail, didn't they, and asked if you were going to turn state's evidence in this case?"

"Yes, sir."

Benjamin Jenkins, another of Loar's Hanover companions on the night of the tragedy, was next called.

By Mr. Fitzgibbon: "I'll ask you when you boarded the car to come to work on the evening of December 21?"

"About four o'clock."

"When you got off the car at Eighth street did you notice anybody about there?"

"Yes, sir."

"How many?"

"About three or four."

"While you were on the bridge, or just before, I'll ask you if you heard a sound?"

"Yes, sir, I did."

"What?"

"I heard a whistle."

The witness stated that he was in the lead of the party and saw Collins in the field; passed him while he was going toward the canal. He stated that he passed Collins at a distance of three or four feet.

"After I passed through and got about twenty or thirty feet from him, I heard the shots. I turned and saw Mr. Loar turn and start on toward me, and I started on also. He was gurgling blood in his mouth, and had one hand on his breast and his dinner bucket in his other hand, and walked slightly bent over. He walked on the sidewalk for 40 or 50 feet, and then fell. I went on to the foundry. In about fifteen minutes after I reached the foundry, I heard that he had been killed."

The witness was questioned in cross-examination regarding certain statements made by him in the preliminary examination in the court of Squire Lake, in which it was brought out that the witness had stated that there were twelve or fifteen shots fired.

After a severe cross-examination by Phil Smythe, the witness was dismissed and Charles Jenkins was called. The witness stated that when he first went to apply for work at the Wehrle foundry, he saw Collins for the first time. At that time Collins was quoted as saying: "Don't you fellows get a job of polishing. If you do we've got you spotted." The witness was then questioned closely regarding his observation of occurrences from the time of leaving the car to the time when the shooting took place. He stated that he passed Collins in the field where the crime was committed.

TUESDAY AFTERNOON.

Mr. John Green, the second of the State's witnesses, Tuesday afternoon, was cross-examined by Attorney Webster.

"You heard a whistle?"

"Yes, sir."

"And then that crowd of men that congregated at the edge of the bridge followed across?"

"Yes. There was a group of men came down from toward Jefferson street, and another group from toward the canal locks, then they all met there."

"Altogether 15 or 20 men?"

"Yes, sir."

"Did you see the man shoot?"

"Yes, sir."

"Did you see his hand?"

"Yes, sir."

"Did you see the gun in his hand?"

"I don't know as I did."

"You say you could tell how he was dressed?"

"Yes, sir."

"Are you sure that he had an overcoat on?"

"Yes, sir."

"What kind of an overcoat?"

"A black overcoat."

"How long?"

"Just a medium length."

"When you went out to get your horse to go home, you saw quite a crowd of men?"

"Yes, sir."

"Then you saw these three boys."

## TEXAS TORNADO DOES DAMAGE

Dallas, Tex., May 2.—A tornado swept over parts of Brown, Wise, Denton and Grayson counties, doing great damage to crops and farm property. Two persons are known to have been killed, and probably two others. At the village of Cowen, Wise county, one house was destroyed and Mrs. Parks was killed. Two other occupants of the house were so badly injured that they may die. At Stoney, Denton county, the house of Joseph Foster was blown down on the family and the ruins took fire. Foster was killed.

## BY MEXICANS

Gulf Fisheries Schooners Fortuna and Alabo Were Boarded While the Vessels Were at Sea.

Galveston, Tex., May 2.—The gulf fisheries schooners Fortuna and Alabo arrived in port and the captains of both vessels reported that they had been boarded while at sea by officers of a Mexican gunboat, who demanded to see their papers and log. The ship's papers were produced, but as no log was kept by the boats this could not be complied with. Captain Placido Franz of the Fortuna, when questioned as to the occurrence, stated that he was fully 20 miles off shore when his boat was boarded and had not been nearer than that to Mexico.

## DESPERADO IS KILLED IN WEST

Oregon City, Ore., May 2.—Frank Smith, the desperado who killed Policeman Haulon of this place last week and who later killed Sheriff Shaver and Captain Henderson of the Oregon National Guard, was killed in the woods south of New Ezra, Clackams county. Smith was surprised in a thicket where he had hidden, and was shot through the head before he could use his own weapons. Harry Draper of Spokane, one of the pursuing posse, had his two bloodhounds in leash and they were leading him through the woods on the trail of the outlaw. The dogs led Draper within three feet of Smith, who was crouching behind a log, and Draper sent a bullet through Smith's temple.

## JOHN MITCHELL IS NOW AT SCRANTON

Feeling Strong That Some Way Will Be Opened by Which Strike May Be Averted.

Scranton, Pa., May 2.—President Mitchell of the United Mine Workers arrived here from Philadelphia and established headquarters at a local hotel. Local branches of the United Mine Workers in the anthracite region are electing delegates to the tri-district convention which is to be held here Thursday, and most of them are reported to be instructing their delegates to follow President Mitchell's advice implicitly. The feeling is still strong that some way will be opened by which a strike may be averted, although there is no question but that the shooting at Mount Carmel, which is generally believed by the mine workers to have been unjustified, has aroused a sullen anger that may lead to a strong movement in favor of a strike.

## WHO STOLE PLANS OF BRITISH WARSHIP?

London, May 2.—A grave naval scandal has developed over the mysterious disappearance of the plans of the new battleship Breadnought. It is believed the plans were sold to a foreign power by a navy department official, but the government is trying to keep the matter quiet. The plans disappeared a month ago and were returned to the admiralty through the post. The plans, which secured the plans is not known, but suspicion is directed toward America.

George Lawler, 32, a patient at a Columbus hospital, where he was operated on a week ago, leaped from a fourth story window and was killed. United States druggist Deane passed out of the State canal safely.

## THOUSAND FAMILIES MAY BE EVICTED

New York, May 2.—More than one thousand families on the east side are threatened with eviction, some because they are unable to pay their rent, others because they will not pay a 25 per cent increase demanded by landlords.

## SOUTHERN PEOPLE PLEASED.

Washington, May 2.—General satisfaction is expressed today by Southern senators and representatives over the prompt action of the President in countermmanding the order providing for a cavalry escort for Rev. Father Sherman over the route followed by General Sherman on his famous march to the sea. General Duval, department commander at Atlanta, Ga., is responsible for the escort, the department investigation shows.

## SEARCH IS ON IN MICHIGAN FOR MUENTER

Trail Let Across Lake and Into Woods Around Muskegon

POLICE AGAIN SEARCH HOUSE

PROFESSOR'S SISTER LEAVES FOR HER HOME IN CHICAGO

Chemical Analysis of Queer Tasting Tea Will be Made by Boston Experts.

Chicago, May 2.—Tracked from Chicago across the lake, a man believed to be Prof. Erich Muentner, the alleged wife poisoner, of Harvard University, is being sought by detectives in the dense woods near Muskegon, Mich. The police received information that a man answering Muentner's description had taken a Goodrich Line steamer for Muskegon.

His nervousness and desire to avoid attention were noted by several who saw him at the dock. The features of the suspect tally exactly with those of Muentner. A posse left yesterday afternoon for the woods in which the suspect is believed to be hiding. Officers heavily armed are picketed about the forest.

Detectives were sent to the Midway college, and others watched relatives and friends of the missing professor, all elsewhere in the city.

After a search through half the city, the police were unable to find any trace at the Chicago University who had received a letter from the missing professor.

It was also reported from Cambridge that friends there had received letters dated Saturday from Muentner without any address of the sender being given. The Cambridge police began an investigation of these letters.

Boston, Mass., May 2.—The police have made another search of the apartments occupied by the Harvard professor, Erich Muentner, and his wife, and took possession of another lot of effects which will be subjected to analysis.

A second analysis will be made of the stomach of the dead woman by Prof. Whitney of Harvard, in the presence of an expert representing the sister of the missing instructor for whose arrest the Cambridge police have sent out a general alarm.

"If I knew where my brother was I would telegraph him at once to come back," said Miss Muentner, the sister. "We are doing all we can to find him, but I have not the slightest idea where he is. I am sure that just as soon as he gets here he can prove his innocence. I feel confident my brother is alive. He is not insane. Erich was devoted to his wife and very fond of his child."

A bottle of beef tea was among the articles carried out in the big market basket by Captain Hurley. Mrs. Fales, who attended Mrs. Muentner, told of the taste of the beef tea that was given to her and also remarked significantly about her husband's attitude toward her recovery.

Lawyer Peavey took possession of the private papers of Muentner. In a general way it is known that they contain Muentner's notes on the thesis of the insanity of German romantic literature.

Miss Muentner left Boston for her home in Chicago last night. Rumors are flying about Cambridge that Muentner has been located.

Lebanonport, Ind., May 2.—A glass of beer and his admission that he had been a professor in Harvard University caused the arrest of George Soule, of Boston, in Ft. Wayne yesterday afternoon. The authorities suspecting him of being Prof. Muentner. Soule wears a beard like Muentner's, but it was the item in Muentner's description that "he drinks occasionally" which caused Soule's arrest. While he was discussing "a glass of beer" a policeman inquired if he was not a Harvard professor.

"Used to be," said Soule, and the patrol wagon came in a hurry. Soule established his identity as a former adjunct professor of French and German and a graduate of the class of 1876.

## MANY INJURED, THOUSANDS HELD

Result of Clashes between Troops and Strikers in Paris.

### VIOLENCE MARKED MAY DAY

Striking Toilers of France Not to Return to Work Until Granted the Eight-Hour Day—Serious Disturbances Also Noted in the Provincial Towns—Further Outbreaks Feared.

Paris, May 2.—The temper of the workmen is threatening. They claim that on Mayday the police acted brutally and cite many incidents of innocent people being beaten and arrested. They declare that Mayday was only the beginning of the movement for the eight-hour day.

Dreaded Mayday brought scenes of extreme violence. The labor districts, which thousands of troops controlled with difficulty, and even central portions of Paris have taken on the appearance of a siege. The main thoroughfares in the residential portion of Paris remain tranquil. In the west end, far removed from riotous scenes, people are disposed to treat the events in the labor quarters as harmless effluences. It was, however, much more than that. Throughout the evening dragons, republican guards and cuirassiers charged disorderly masses, sweeping the Place de la Republique and the broad Boulevard de Magenta. Toward nightfall cavalry charged with drawn swords and many persons were wounded on both sides. The manifestations overturned omnibuses and threw up hasty barricades. Over 1,000 arrests were made. At no time during the day did the demonstration reach the magnitude of a revolt, but was rather a leaderless tumult in which the serious labor element, struggling for a principle, was hopelessly confused with violent agitators, anarchists, revolutionists, roughs and a large number of the curious. The workmen never succeeded in forming a procession or even in assembling more than scattered bands. Their chief action was a reunion of several thousands in the labor exchange, at which a resolution was adopted not to return to work until the eight hour day shall have been accorded.

Reports from the provinces show that there were violent demonstrations at Marseilles, Brest, Bordeaux, St. Etienne, Lyons and Rouen. At Marseilles processions carrying red flags and creating violent disorder were in collision with the troops, and a number of persons were injured. At Lyons a crowd of manifestants attacked the streets, breaking the windows, whereupon the dragons charged the rioters, wounding a large number. There were lesser disturbances at many points.

### GRATIFYING SUCCESS.

The entertainment given at Taylor Hall on Tuesday night under the auspices of a local dramatic club of which Mr. F. L. Garrity of this city is the head, and a number of musical people, was a very gratifying success. The first part of the program consisted of musical numbers, of which Professor Ould, he skilled organist of St. Paul's Lutheran church, rendered several fine selections. There were also several violin solos and a vocal solo by Miss Swartz of Granville. Part two consisted of a number of fine dramatic readings by Mr. F. L. Garrity and others, and the rendition of the drama, "The Violin Maker of Cremona." There was a good attendance and all enjoyed the entertainment very much.

## CINCINNATI INVESTIGATOR

Will Not be Side Tracked by Decision of One of George B. Cox's Judges.

Cleveland, May 2.—According to State Senator Schmidt, secretary of the Drake investigating committee, certain men connected with the Cox gang at Cincinnati are endeavoring to intimidate witnesses.

"They think they are shielded by Judge Smith's decision," said Mr. Schmidt. "That decision will not stop us. We are after the men higher up. If the supreme court should decide against us we shall give our evidence to the newspapers, so that all crookedness will be exposed."

Schmidt said that should the Drake committee be declared illegal he thought Governor Pattison would call an extra session of the Legislature, so that the work of Lexowing Cincinnati could be continued.

## COLLINS MURDER TRIAL

(Continued from Page 1.)

come over there and these men commenced to talk and question them?"

"Yes, sir."

"When did you first tell any one that you saw this shooting?"

"The next day, I think."

"You saw this man stand and point his hand, and heard the shots, saw the flashes, and you want to say to this court and jury that you took notice of the size, position and dress of this man, 350 feet away from the shooting?"

"Yes, sir, I do."

Charles Ashcraft was called next.

"Where were you working in December last?"

"I don't think I was working anywhere."

"Where were you living on or about December 21 of last year?"

"Williams street."

"I wish you would state where you were about 4-30 o'clock."

"At the headlight station near Buehler's corners."

"Mr. Ashcraft, how long have you lived on Williams street?"

"Previous to the 21st of December."

"I'll ask you if you knew the defendant, George Collins?"

"I had seen him before."

"Where did you see him on December 21?"

"At the headlight station."

"When was that with reference to the time that the Zanesville interurban car passed there?"

"He was there before and after that."

The witness stated: "There were other people about there. I didn't see them do anything. I saw men cross the footbridge. They were standing by the headlight station when I saw them. I don't know where they came from. The ones I saw cross the footbridge went on across the field. I saw a crowd of men come up the canal bank, crossed the bridge and go across the field. Some other men crossed the footbridge just a short time after the ones with the dinner pails. I saw three shots fired later, in the south part of the field, probably 75 or 100 yards from the bridge. I saw other strikers than the defendant about there."

"Will you mention the names of those who were there that you know?"

"I didn't know them by their names until a short time afterwards."

"I'll ask you if some time in January you saw these parties?"

"Yes, sir."

The witness stated that at that time he identified certain parties in the county jail as parties whom he saw near Eleventh street that night, naming Taylor, Oden, Collins. The witness stated that he did not know Raab, Henninger or Cobe.

"After this shooting what was done?"

"A crowd gathered around the canal bank, and around the footbridge. They stood there a while. Later all left there."

"Did you notice any of these boys who crossed the footbridge with dinner buckets?"

"Well, one of them was Taylor. Taylor had some boy by the arm. He came across to the north side of the canal and stood there and talked."

Cross-examined by Phil Smythe.

The witness stated that he went to work at the Wehrle works; that he went with Rector and Elmer Hitchcock at the request of the prosecutor.

That Rector told him who the men were.

The next witness to be called was Joe Priest.

"Where do you live?"

"East of Hanover."

"While you were working at the foundry were you ever molested?"

"I was stopped one morning near Eleventh street."

At this point the defense objected to

### The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention making this generous offer in this paper.

the question put by the prosecutor, as to who stopped him. The court sustained the objection. The prosecutor argued that his object was to show the conditions existing, and in that manner show the motive that Collins would have for committing the crime.

The witness stated that he knew Homer Loar, before, and during his employ at the Wehrle foundry. He stated the names of the men who boarded the car on the fatal evening, to go to work, that Fred Lake, Harry Willey and Frank Crown were coming to work for the first time; that they came on the car leaving Hanover at 3:47; that the party was carrying dinner buckets. He further stated that when the car got to the interurban station they did not get off, but waited until they reached Eighth street; that they walked up the canal bank toward Eleventh street; that the two Jenkins boys were ahead; that the party walked up and across the footbridge through the field; that Loar was behind him; he heard shooting after he was ten or fifteen feet ahead; that he saw men in the field, standing about; that he heard nothing said to any one by the men who approached. He stated that he recognized one man of the party; that he forgot the name; that immediately after the shooting, without seeing Loar, he went on to his work. The witness was excused with no cross-examination.

### WEDNESDAY MORNING.

Fred Lake was the first witness of Wednesday morning in the Collins murder case. He stated that he was a resident of Hanover and was acquainted with Loar. He testified that he in company with the other residents of Hanover who were employed at the Wehrle works, including Loar, came to this city on the day of the crime, on an interurban car at about 4 o'clock. He further states that he saw Hugh Taylor follow the car after leaving the steps of a grocery or some other building; that Taylor stepped up the car steps and looked in and then left the car; that at Eighth street the seven Hanover boys, including Loar, left the car, went over by Simpson's soap factory and down the canal bank; that from across the street something was said to them. The witness did not know who said it, and was not permitted to repeat what was said. He further stated that about the time the party reached the bridge he heard a whistle, stating that it came from just across the bridge in the field; that some men met them in the field and stopped one of the party; witness was fifth man of the single file after leaving the bridge. As the party proceeded along the path, about 150 feet from the canal, one of the party was stopped.

"Harry Willey was next to the last man in the crowd. I said to Mr. Loar: 'We had better go back and see what they do to Harry.' Then four fellows stepped up in front of us and told us to halt. Then they fired three or four shots, and some of the men took me back to Eleventh street. When they said 'hold up your hands' I held mine up. It was just at that time that the shooting was done. I should say there were ten or a dozen beside our own crowd; some of them came from Jefferson street, and a part of them from West Main street."

The witness said that he saw Hugh Taylor was in the crowd when the Hanover boys were stopped in the field.

He was excused with no cross-examination, and Harry Willey was called to the stand as the second witness of the morning.

He stated that he had known Loar for five or six years.

"When did you expect to start to work at the foundry?"

"The same day that Loar was killed."

"Who came with you to Newark that day?"

"Henry Jenkins and Frank. Frank Crown, Fred Lake, Homer Loar and myself."

"How far did you ride?"

"To Eleventh street."

"What occurred?"

"I saw a couple of fellows standing near one of the streets, Sixth or Seventh street."

"Who were they?"

"A fellow by the name of Taylor, and I don't know the other fellow."

"How many of you went up the canal?"

"All of our crowd."

"What occurred?"

"The fellows over on Main street were hollowing at us. One of them was Beckford."

"What did he hollow?"

"He was hollowing 'scab,' and 'that fellow's got scabs on his back.'"

"What did you do after you got to the footbridge?"

"We started across the canal. I was there by the bridge and some fellow whistled over in the bottom there."

"After you crossed the bridge what did you see?"

"A gang of men over in the field."

"After you heard the whistle what did you see?"

"Why, men got up from the ground all around there."

"What occurred then?"

"Why, a man stepped up to me and asked me where I was from. I said I didn't think it was any of his business. Then he stuck a gun up in front of my face and told me to stop. Loar was ahead of me, and I didn't see anything, but heard the shooting. I think there were three shots fired. That fellow held me there and wanted to know if I had a gun. I told them 'no,' and they went through my pockets and

took the gun away from me. Afterward Hugh Taylor took hold of me and led me toward the canal. He said he had a notion to throw me in the canal. Again he said, 'Ain't you a pretty looking thing, coming up here and taking a man's job?'

By Mr. Smythe: "The fact is you all had guns, didn't you?"

"Yes, sir."

"You all had your guns out examining them at the Hanover station, didn't you?"

"Lake and Crown came back to Hanover and myself did."

"You say that you didn't see the man that did the shooting. You and Lake and Crown came back to Hanover, and were in a livery barn office there all of you telling your stories?"

"Yes, sir."

"Didn't you say there, that on your trip up the canal bank you passed two or three men that you didn't know?"

"I expect I did if they said so."

"Didn't you say that before that Loar hit a man on the nose and with a pair of brass knuckles?"

"No, sir."

"Did you hear anybody say that?"

"Yes, sir."

"Who?"

"I don't know whether it was Crown or Lake."

"One of those two said it didn't they?"

"One of them, yes sir."

The witness stated that one of the others also said that night, that the man when struck by Loar, staggered back and held his nose. Again the witness stated that he heard one of them say that it was a tall man who did the shooting.

"You say that you saw Beckford that night?"

"Yes, sir."

"When you saw him where were you?"

"I was along the canal bank."

"Did you at any time that night see him south of the canal?"

"He went across the bridge ahead of us."

"Didn't you say just a while ago that one man went across that bridge ahead of you and he whistled?"

"I didn't say he whistled."

After a few brief questions this witness was excused.

### COULD WE LIVE 100 YEARS?

The Secret of Long Life is Not in How We Eat, but in What We Eat.

Most people wouldn't want to exist for that length of time, but most of us want to live to, say, at least seventy-five years, to enjoy the well-earned rest of a life of toil.

We can't live even to that age unless we take care of our stomachs.

The American has a longer life now than he had fifty years ago—statistics say so, and it must be true.

Why is it? Not because he works harder, but because he takes greater care of his machine—his body machine.

He has learned that it is a sin to overwork and burn out the stomach with too much heat-producing material—meat, for instance.

Heat is not strength, it is weakness. Muscle and bone is the strength we need. The heat part will then come naturally, and never in excess. Let us not hunt for it.

The hot stomach makes the brain hot.

The hot brain makes dullards of the quick.

Wheat!

The purest wheat, the wheat with the starch, the albumen and the fibrin! This is the fighting material millions are buying today.

Wheat grains have a shell. The shell is not good to eat. You cannot digest it.

It makes the stomach work overtime.

Put the purified wheat, the pearly grain from which the chaff, the hull and the husk, and everything not rich and delicious, is thrown out.

That is Hardyfood.

Every part of it is consumed by the body and taken into the blood to make tissue.

It doesn't make clinkers but it will make you over.

It will give you a new stomach and clear out your kidneys. What will be the result? You will have better digestion, no constipation, full nutrition.

You will endure hardship better because it will give you power and strength in muscle and brain force.

Your mind will be clear, active and healthy.

Hardyfood is cooked, ready to serve. Eat it with cream, you will find it delicious.

The stomach grabs at it, that is why it satisfies you.

Remember that Hardyfood has all the good that meat has, and three times more.

Meat has a small part of what wheat has, and three times less.

But you needn't stop eating meat altogether. A little now and then is needed. But cut down your allowance and try Hardyfood.

From the time you try your first package of Hardyfood, your history will begin.

Your grocer will sell you a package for 10 cents.

## COUNT WITTE STILL SILENT

Reports of His Retirement Generally Accepted at the Capital.

### ALL FAIL TO DRAW HIM OUT

Acceptance of the Premier's Resignation Not to Be Announced Until After the Convocation of Parliament—Russian Government's Game in the Far East.

St. Petersburg, May 2.—Absolute confirmation of the reported retirement of Premier Witte, which has been the sole topic of conversation in political circles, is still lacking; but in St. Petersburg only a few skeptics express doubt that the once powerful premier has surrendered the reins. Count Witte himself is as silent as the sphinx on this subject. He balked by his grim reticence an attempt to draw him out, this attempt having been made by a caller to whom he had frequently given his confidence.

A strong intimation was given that the acceptance of Count Witte's resignation will not be announced until after the convocation of the national parliament, and the plausible theory was advanced by people at court that Count Witte's dismissal is not a move in the direction of reaction, but really is due to the desire on the part of Emperor Nicholas to put himself in line with the result of the elections, and that his purpose is to reorganize the cabinet to meet the new conditions by the inclusion of some Constitutional Democratic ministers, though the leadership of the ministry will rest in the hands of a man of the emperor's own choice. Though this suggestion is a novel one, certain straws tend to show that it is not at all impossible.

### Russia's Latest Game.

St. Petersburg, May 2.—Further intimations that Russia is playing a deep game in the far east is given in a circular sent by the censors to all newspapers and periodicals forbidding the publication of any news with regard to the demobilization of the army and movements of troops in Manchuria and the reorganization of the military establishment in Siberia and the far east. It is generally supposed the circular was issued by the publication of the news of a halt in withdrawing the Russian army away from Manchuria and the dispatch of the Novitski expedition to Mongolia, which, though supposed to be general staff secrets, was published even in official papers, and is likely to seriously embarrass Minister Pokotiloff's negotiations at Peking.

### AN APPEAL TO WIVES

Cure the Drinking Husband by Using Orrine—Can be Given Secretly.

No more terrible affliction can come to any home than the craving of husband and father for strong drink. We appeal to wives, mothers and sisters to save the husband and father or the brother or son with Orrine, a scientific and positive cure for the drinking habit.

The patient simply takes Orrine No. 2 or the secret remedy Orrine No. 1 which is in powder form and as it is perfectly colorless, tasteless and odorless, can be given in food or drink without the knowledge of the user. The price of either form is \$1. The craving for strong drink will be destroyed; in fact, the drink will not be missed when Orrine is used.

Orrine is sold under a positive guarantee that it will cure the drink habit if directions are followed. In every box is a registered guarantee which entitles you to a refund of your money if Orrine fails to effect a cure. You run no risk whatever in using this remedy. There is no loss of time or absence from home or business, no sanitarium treatment. In fact, Orrine strengthens the nerves and restores general good health while curing the drink habit. Treatise on how to cure drunkenness free on request. Orrine Co., Washington, D. C.

Wives, save the happiness and prosperity of your home with Orrine. Orrine is for sale by Frank D. Hall, 10 North Side Square.

### LAWYER PATRICK SEEKS TO SECURE A NEW TRIAL

New York, May 2.—The effects of the embalming fluid in concealing evidence by inhaling chloroform was the subject of an expert testimony at the hearing of Albert T. Patrick's motion for a new trial on the charge of murdering William Marsh Rice of Texas.

Dr. Albert T. Weston, a coroner's physician and witness, called in Patrick's behalf, said that he had injected embalming fluid into the bodies of 12 persons before making an incision of the lungs. Although none of these persons had died of inhaling chloroform,

he was satisfied, he said, that the embalming fluid made entry into the lungs and would make it difficult to determine whether death had been caused by breathing in any irritant vapor, chloroform included. One of Patrick's contentions has been that embalming fluid may cause the lungs to appear as if the subject had died of chloroform poisoning.

## A Secret

It aids nature a little, that's the only secret about it. We refer to Ayer's Hair Vigor. It feeds the hair, makes the scalp healthy. The hair stops falling out and all dandruff disappears. The result could not be different, for it's the natural way. And it is a splendid dressing, keeping the hair soft and smooth. Why not save what hair you have and get more at the same time? **Ayer's Hair Vigor.**

## OBITUARY

### MRS. J. M. JONES.

Miss John Miles Jones, wife of a  
well known farmer residing on the  
Sharon Valley road west of the city,  
died Tuesday night at 6 o'clock at  
her home after an illness lasting sev-  
eral months. Mrs. Jones sustained a  
stroke of paralysis two months ago  
and since that time has been in a se-  
rious condition. Her death resulted  
from the stroke.

Mrs. Jones was born in Wales and  
was 80 years old. She came to this  
country 35 years ago and settled with  
her husband on the farm in this  
county. Her husband survives but no  
children are living. One brother,  
Thomas M. Jones of Granville, and  
Mrs. David O. Thomas, a sister, who  
lives in Sharon Valley, are left to  
mourn her death.

The funeral services will be con-  
ducted at the house Thursday after-  
noon at 1 o'clock, Rev. L. S. Boyce  
officiating. The interment will be  
made in the Sharon Valley cemetery.

### MRS. MARY E. HOOD.

The Washington, D. C., Evening  
Star of April 24, publishes the fol-  
lowing notice concerning the funeral  
of Mrs. Mary E. Hood, widow of Dr.  
Thos. B. Hood, and a former resident  
of Newark.

Funeral services were held at two  
o'clock this afternoon at St. An-  
drew's church by Rev. George Cal-  
vert Carter, pastor of the church over  
the remains of Mrs. Mary E. Hood,  
widow of Dr. Thomas B. Hood, and  
daughter of Mr. William G. Boggs,  
who was for a number of years asso-  
ciated with William Cullen Bryant  
on the New York Evening Post. Mrs.  
Hood married Dr. Hood in Ohio in  
1854. She was prominently con-  
nected with the Associated Charities  
in Washington, being at one time vice  
president. A brother, Mr. Frank M.  
Boggs, an artist, who has resided in  
Paris, France, for over 20 years, sur-  
vives her. Interment was made in  
Arlington cemetery.

### ADDIE B. CLARRY.

Addie Belle Clarry, daughter of  
Ruler Clarry, died at her home on  
Shelby street Wednesday at 12-30  
o'clock after a short illness of spinal  
meningitis. She was 12 years old.  
Besides her father, four brothers and  
two sisters survive. The body will be  
shipped to Quaker City, Guernsey  
county, for the funeral and interment  
will be made in McGee cemetery on  
Thursday.

**THE ANNUAL MAY MEETING**  
Of the Licking County Democracy to Be Held in Newark, Saturday, May 19, 1906.  
At a meeting of the Democratic County Central Committee, held on Saturday, April 28, 1906, it was decided that the annual May meeting of the Democracy of Licking county should be called to meet in Newark on Saturday, May 19, and shall be called to order at 10 o'clock a. m. by the chairman of the Democratic Central Committee, who shall be recognized as temporary chairman of the meeting until the committee on permanent organization shall have reported.  
It shall be the business of the temporary chairman of said convention to announce a committee on permanent organization, consisting of one member from each precinct in the city of Newark, and each township and precinct in the county, said committee to be selected by the Democratic voters present from each ward and township, each acting separately.  
In like manner committees consisting of one member from each township, ward and precinct shall be chosen as follows:  
Committee on time and mode of making nominations.  
Committee to select and report delegates to the State Convention.  
The committee on permanent organization shall at once proceed to elect and report to the convention a president, two vice presidents and two secretaries of said convention.  
The other committees as above named shall meet at once to perform their duties and make their respective reports to the convention.  
In voting on the reports of the committees on all questions, resolutions or any other business before the meeting, the secretary shall call the roll of the townships and wards and each township and ward shall be entitled to one vote for every 25 votes cast to Hon. John M. Pattison for Governor at the November election, 1905, and one for every fraction of 13 votes.  
The Democrats present from each township and precinct shall constitute the delegation from the same, and the votes shall be cast as they direct by one of their members chosen by them selves.  
Each township and precinct will be entitled to the following number of votes:

**Trust Organs Can't Always Fool the People.**  
Certain Republican newspapers of the hide-bound, trust organ variety are attacking John Sharp Williams, the Democratic floor leader of the house, because he refused to pause in his speech on the tariff to allow a Republican to interject in its midst his own views. Neither courtesy, precedent nor the education of the poster makes any such demands upon a member holding the floor in his own right. But how much worse than cannot politics it is to stir the dear people to mutiny or to fill them with falsehood, by alluding to this Williams episode, and to forget to mention that a few days before that great swashbuckler of Iowa, Mr. Hepburn, was demanding that anybody who him that trusts sold goods more cheaply abroad, and then refused the opportunity to a dozen members who sprang to their feet with the proof? Hope springs eternal that since the legislature, paying the tax, nursing infant industries and kindred buccoes have ceased to operate, the people will come to suspect the wholesale guile of the trust newspaper run by the of the ilk. Tariff revision is likely to be discussed soon as an economic question under present conditions, and trust organs will find their worn out vocabulary of little value to longer fool the people.

**GRAND JURY PROBE**  
Any Irregularities in Connection With Drake Investigation Will Be Looked Into.  
Cincinnati, O., May 2—Judge Otto Neeger, instructing the grand jury, ordering it to investigate any irregularities developed by the Drake committee. The judge told the jurors they should not hesitate to find truth against anybody apparently guilty of a felony, regardless of their personal, political, business or religious affiliations.  
Miss Florence I. Nicholson, secretary of a London children's dinner fund, said the other day "It is a common thing in the slums of Bethnal Green to see a baby sucking a chalk steeped in gin."  
New Haven, Conn., May 2—Secretary Taft, speaking at Yale on the Philippines said:  
"It is supposed that if the Democratic party wins it will give up the Philippine islands. I venture to predict that it will not, but will continue the government similarly to the Republican rule.  
That would show the Filipino people."

That would show the Filipino people."

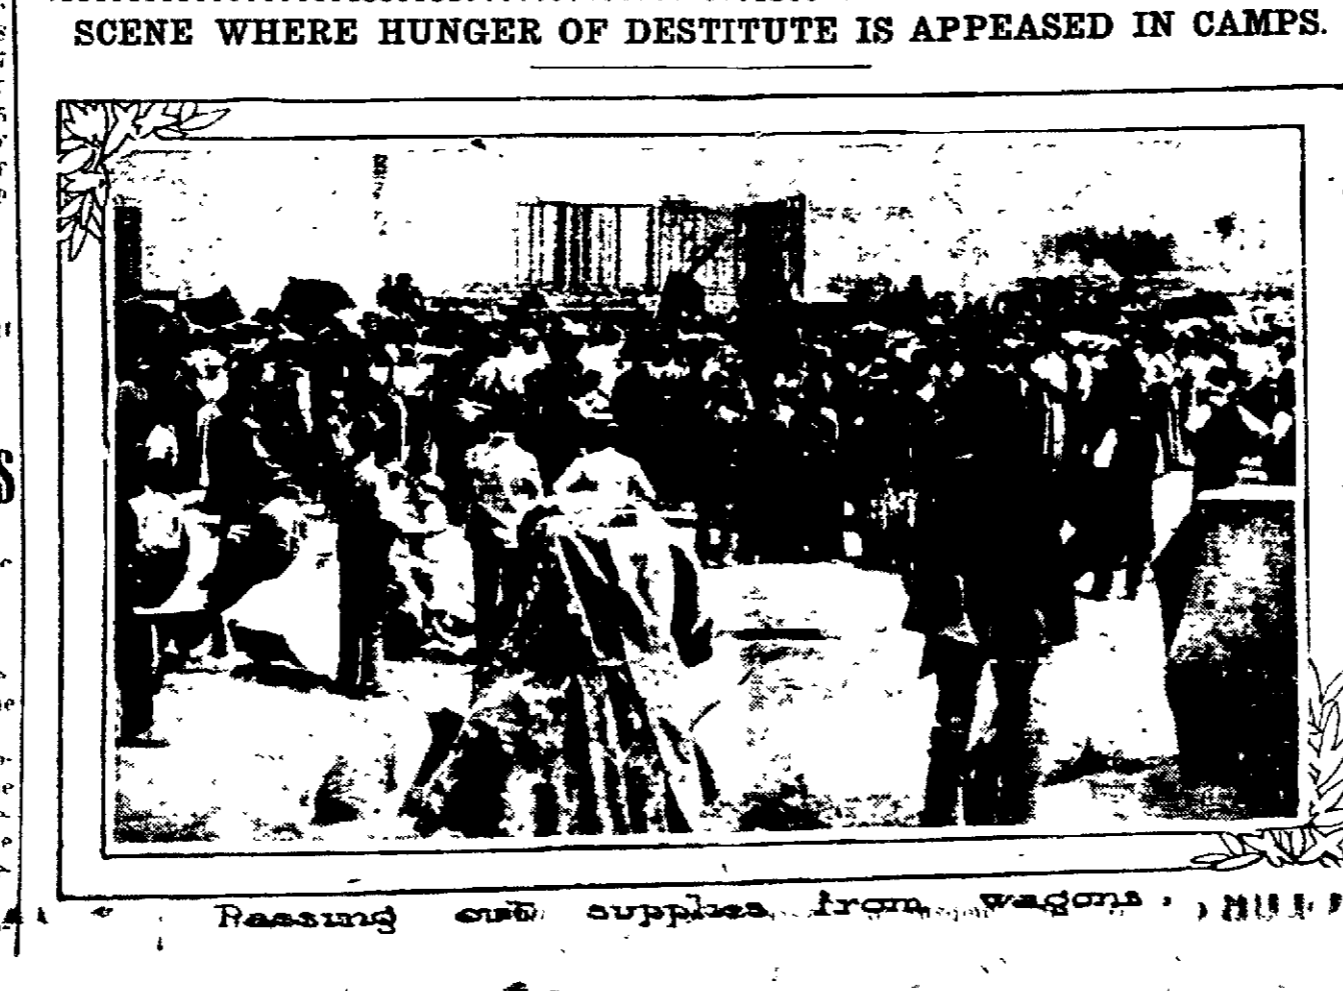

**NEW NEWARK LIVERY ESTABLISHMENT.**  
The new Bradley & Graef livery barn promises to be one of the finest in equippage and general appearance of any in the state. The structure is now in process of construction on South Fourth street, just north of the canal, the site having been leased by Messrs. Bradley & Graef for a period of 99 years. The new structure is to have accommodations for 100 horses, with carriage room on both the first and second floors, the two floors being connected with an elevator. The main building will be protected with vitrified tile, the front to be in red brick construction with what is known as the "sunken joint." It will be practically fire proof. The dimensions of the main building will be 200 feet long and 42 feet wide. Contractor E. A. Shauk is in charge of the work of supplying and erecting the new and attractive structure. The design and plans were prepared by Architect V. E. Thebaud of this city.

**Lines Defined**  
On Which Smoot Case Will Be Argued in the Senate.  
Washington, May 2—Constitutional questions caused the adjournment until Friday of the meeting of the senate committee on privileges and elections, which considered the Senator Smoot case. No decision was reached upon any point, but the lines on which the case will be argued in the committee and later in the senate were clearly defined. The question of importance is whether the proper proceedings are to expel the Utah senator, which would require a two-thirds vote, or to exclude him from membership in the senate, which would require only a majority vote. Senator Bailey declared that after a senator has been seated there can be no motion to exclude, and it requires a two-thirds vote of the senate to unseat.

## SALE OF HORSE WAS ENJOINED

AND COURT ORDERED RETURN OF THE ANIMAL TO MRS. OLLIE SEIGLER.

Action Grows Out of Divorce Proceedings in Probate Court—Contempt Charge Filed.

In the case of Ollie Seigler against Burnie Seigler, suit for divorce, the plaintiff claimed that her husband was about to sell a horse which he longed to her, and asked that the court enjoin him from doing so, which was done on Saturday. Tuesday Mrs. Seigler by her attorneys, Smythe & Smythe, filed a complaint in the Probate court, alleging that the defendant had taken possession of the horse in contempt of the order of the court. The court ordered the arrest of Seigler, and he was brought in Tuesday afternoon. The testimony showed that Seigler had obtained possession of the horse as charged. The court ordered him to return the animal to the plaintiff, and failing to do so would be held for contempt of court. Mr. Russell, attorney for the defendant, then asked that an injunction be issued restraining the plaintiff from disposing of the horse, which was done.

### Will Is Probated.

The last will and testament of Lucinda Murphy, deceased, has been admitted to probate, and Mary C. Kirk has been appointed administratrix Bond, \$700.

### Action for Divorce.

A divorce case has been filed in the Probate court, being the case of Martha R. Hamlin vs. Ulysses H. Hamlin. The plaintiff says that she was married to the defendant in Ironton, O., on December 24, 1890, and that three children, now living were born of the marriage, being Florence, aged 14, Alma, aged 10, and Eugene, aged 8. The plaintiff charges her husband with infidelity, cruelty and drunkenness. She says that on account of the rough and unbearably treatment of her husband, she was forced to leave him on March 7, 1906; and since that time has resided with her children at a boarding house on Wilson street. She says that her husband is a molder employed by the Wehrle company, and earns over \$120 per month. That in addition to the income derived by his labor, he is the secretary of the Iron Molders' Union in Newark, and receives for his services about \$15 each month.

Plaintiff says she is conducting a boarding house and that she does not receive sufficient money and income from the business to keep and clothe herself and children. She asks that she be given a divorce, custody of the children, and that she be allowed alimony for the support of herself and children. Wayne Collier, attorney for the plaintiff.

### Arrested on Peace Warrant.

Robert E. Forgraves, a special constable, was arrested on a peace warrant sworn out by Frank Loar, brother of the late Homer Loar, the nonunion polisher who was murdered in this city last December. The warrant was issued by Justice Rogers of Hanover. Loar made affidavit that Forgraves, while engaged in serving subpoenas for the defense in the case of the State of Ohio vs. George Collins, charged with the murder of Loar, drew a revolver and threatened to kill him. Forgraves was taken before Squire Rogers, waived examination and was bound over to the Probate court in the sum of \$100. He promptly furnished bail and was released, Simeon Priest going on his bond.

### Probate Court.

Simeon I. Tatham, guardian of Elijah Gary, a lunatic, has filed his inventory of the estate of his ward. John Jeffers, administrator of the estate of Hugh F. Pryor, has filed his first and final account. The will of Heber M. Gurney, deceased of St. Albans township, has been admitted to probate, and David Gurney has been appointed executor without bond.

### Real Estate Transfers.

## TO BE SETTLED WITHIN A WEEK

VESSELMEN AT CLEVELAND, O., DISCUSS THE STRIKE OF LONGSHOREMEN.

Traffic Now Completely Tied Up—No Visible Change in the Marine Situation Yet.

Cleveland, O., May 2.—There is no visible change in the marine situation caused by the strike of longshoremen and allied bodies, which has resulted in a tie-up of lake freight carrying. Partially unloaded boats are tied up at the docks, and these, it is stated, will be left untouched for the present at least. The suspension of work by the tugmen necessitated warping a number of boats up the Cuyahoga river. At one of the principal lake carrying concerns it was stated that the employment of nonunion labor for unloading the partially unloaded boats is not now contemplated, as it is believed such a step would cause trouble. Vesselmen express the opinion that the controversy will be settled within a week or 10 days. Members of the longshoremen's union said there was nothing new in the situation, and no probability of a change of front on their part.

Only two licensed tugs are in commission at the harbor here, and work at docks was practically suspended. The going out of the licensed tugmen was upon the ground that if they continued to work they would have to carry nonunion mates, and this they declined to do.

Along the docks in this city several thousand men were idle, while out in the breakwater a dozen or more of big ore and coal carriers were at anchor with not less than 1,000,000 tons of cargo which could not be unloaded. All the tugboats in the harbor with the exception of two "wildcats" were tied up at the docks. Advances received from all lower lake points indicated that similar conditions prevail, and that the tie-up is most complete.

### Favor Strict Sabbath Observance.

Columbus, O., May 2.—Sentiment in favor of strict observance of the Sabbath in the abolition of all amusements and business on that day was voiced at a meeting attended by 200 persons from various parts of the state at the Central Presbyterian church. It was the first session of the Sabbath observance convention, whose purpose is to form organizations throughout the state to preserve the Sabbath from desecration. As a remedy for the existing condition of circumstances as they now stand, the speakers were unanimous in declaring that the enforcement of the present laws and not the making of new ones was the necessity.

### Democratic Congressional Convention.

The Democrats of the Seventeenth Congressional District of Ohio will meet in delegate convention at New Philadelphia.

On Wednesday, June 6, 1906, At 1 o'clock p. m., to nominate a candidate for Representative in Congress from said district. According to the basis of representation fixed by the committee, the several counties will be entitled to the following number of delegates:

Coshocton ..... 39  
Holmes ..... 26  
Licking ..... 65  
Tuscarawas ..... 64  
Wayne ..... 52

Total ..... 247

The Congressional Committee selected C. J. Fisher of Millersburg as temporary chairman and Joe McDowell of Coshocton as temporary secretary. By order of CONGRESSIONAL COMMITTEE.

An unfortunate Parisian the other day happened to call for professional assistance on a dentist who was insane. The dentist pulled out eight of the patient's teeth, quieting his objections with a revolver. Afterward he shot two policemen while being arrested.

## Paxtine Toilet Antiseptic

A new medicinal powder to be dissolved in warm water and used in local treatment of mucous membrane affections.

Paxtine cures nasal catarrh, uterine catarrh caused by feminine ills, sore throat, sore mouth, and inflamed eyes by removing the inflamed, ulcerated and catarrhal conditions; thus it destroys all disease germs, checks discharges, stops pain and heals the soreness.

You cannot cure these mucous membrane troubles by dosing the stomach, but you can cure them by local treatment with Paxtine because it possesses extraordinary cleansing, germicidal and healing qualities unlike anything else. Thousands of persons testify to this fact, and one of our trial size boxes will convince anyone.

As a toilet requisite Paxtine is unequalled for whitening the teeth, removing the germs of decay, and purifying mouth and breath. Only Fifty Cents a large box at

## NEWARK MAN MAY MANAGE THEATER

REPORT FROM MT. VERNON SAYS S. A. WELLER WILL BUILD NEW PLAY HOUSE.

C. E. Matthews is Interested in the Project, But Says Nothing Definite Yet.

Mt. Vernon, O., May 2.—A new theater may be built in Mt. Vernon the coming summer. It is to cost \$50,000 and the people of this city will not be asked to contribute a cent toward the construction.

The fact became public when S. A. Weller, owner of the Weller theater, Zanesville, was in the city, in company with Charles E. Matthews, manager of the Auditorium, Newark.

The site for the new theater has been practically decided upon, being the ground on which now stands the livery barn and residence of George S. Bennett, one-half square from Main street, on West Gambier.

Mr. Weller will construct a handsome theater, costing \$50,000, similar to the play house in Zanesville. Mr. Matthews of Newark will be the local manager. The new theater will be in the same circuit with Zanesville and Newark and the very best attractions will be booked for Mt. Vernon.

While in the city Mr. Weller stated he was very much impressed with Mt. Vernon's growth. Mr. Weller states that as soon as work is commenced there will be sufficient workmen to assure the completion of the structure by the middle of September and that the opening of the theater will occur about the last of September.

Mr. Matthews stated to the Advocate Wednesday that the announcement of the proposed theater was entirely premature and that the story from Mt. Vernon was printed without

his knowledge. Mr. Matthews and Mr. Weller were in Mt. Vernon Monday, but no deal was made and the two gentlemen were merely looking over the town. No arrangements were made or options secured on any property in spite of the fact that the report from Mt. Vernon says that the deed for the property will be executed this week.

The fans in Wehrle park yesterday afternoon were in the right mood for doing mean things and it's a pretty safe bet that if there had been a larger number on hand, some hot headed brethren would have started some trouble which might have made Umps Tom Bannon's hair rise on end. Bannon was all to the bad Tuesday afternoon. He made decisions like an infielder plays ball when he is "up in the air." The contrast between his work Saturday and Sunday and that of Tuesday afternoon was so marked that the bunch was decidedly sore. Newark lost the game, the score being six to five. No claim is made that the game could have been won with fair umpiring, because that would sound like sour grapes, but it's a cinch that the fans who paid their good money to see the game would have been better satisfied with the exhibition had the umpire not been so bad. He gave both teams bad decisions and both managers had objections to offer to his work. Fred Linke, the young twirler from Columbus, pitched his first regular league game for Newark Tuesday afternoon against the hard hitting Youngstown aggregation. He was batted hard but managed to keep the bingles pretty well scattered and only six runs were scored. Two came in the first when Linke gave three consecutive singles. These with a couple of pilfered sacks and a sacrifice netted two scores. One came in the third on Thomas'

two sacker followed by a sacrifice and an error by Bates. Another in the next frame came from Bradley's error, a stolen base, a bunt and a sacrifice. It was simply a case of where Youngstown kept steadily playing ball and counted runs. A couple of bingles, a stolen base and a long fly to Bradley in right garden scored a run in the fifth and Linke then kept the scores down until the eighth frame, when three singles, one a bunt, netted a run.

Simonton opened the game for Hogan's Pets and went three innings pretty well. He was then fished out and Billy Thomas sent in to win the game. It was almost the same Billy that lost this time as he was liberal with passes and hits. Newark's five runs came in his reign and two of the runs were earned. Three out of the quintet came from passes to first which the locals very wisely turned into scores.

Newark played better ball than in any game thus far. The base running was better except that the coaches at third were a little timid in allowing the men to attempt to take home on a throw from the field. However, the stolen bases recorded shows that there is a big improvement in the base running. Lefty Snyder took second three times and Whitten had a pair of pilfered sacks to his credit. Old War Horse Snow, who batted for Locke in the last frame, had one, while Drake had the seventh Joe Doyle allowed four to the Youngstown bunch. The score:

## MOUNT VERNON STILL GROUCHY

SOUR GRAPES CAUSE BASEBALL  
MEN IN KNOX COUNTY TO  
WIELD THE HAMMER.

Team Will be Organized to Represent  
Newark and Mt. Vernon—Newark Men in Team.

Up at Mt. Vernon "sour grapes" has caused a general grouching among the baseball enthusiasts and it has become so chronic that the safety valve fails to work properly and every once in a while, some times more often, some one has a spell and it gets into the papers. A Mt. Vernon paper recently came out with the startling statement, "Mt. Vernon will have a baseball team, and a good one at that!"

Ever since the Mt. Vernon aggregation, represented by ex-Manager Jack Goodrich, was frost bitten at Zanesville last winter, when the league was organized, this grouching has cropped out at stated times. Now the Mt. Vernon papers have the audacity to say that a team stronger than any O-P. team will be placed in the field to represent Newark and Mt. Vernon. The team, according to arrangements, will divide up its time equally between the two cities.

Another statement made looked like this: "It is almost certain that Newark, Mansfield and Lancaster will have trouble in keeping up with expenses, although the sporting writers on the papers in these cities are wearing away their gray matter in trying to put a good front on things."

Thanks for assuming that we have any "gray matter."

The man writing in the Republican News at Mt. Vernon says his home team can secure games with Marietta, Massillon, Alliance and other towns, all of which will be as strong as any of the O-P. teams. How is that for a gentle knock?

That same sport writer has the team almost picked out. In the honor roll we find the names of Fletcher Scott of this city, the "Scottie" of the old Idlewilds, "Rabbit" Taylor, Ray King, all of this city, Charlie Doyle, Leo Mambourg a newcomer at Mt. Vernon, Weida who played third at Mt. Vernon late last season, and even Ned Iger of Lancaster. It seems that Ned is sure of his release since Curt Elston went to Zanesville.

Manager Jack is a clever fellow, and the way he presents the matter to his loyal backers there is a caution. They look rosy enough and we compliment Jack on his line of talk. Keep it up, Jack, and you'll get a piece of money yet. However, don't bank too much on the fact that Newark, Lancaster and Mansfield will quit the league. You might lose and we know you are a hard loser.

OTHER RESULTS.

Zanesville 3; Akron 2.  
Zanesville, May 2—Zanesville was forced to go ten innings here yesterday afternoon to beat Akron in one of the cleanest and scrappiest games so far. This makes Zanesville's fourth consecutive victory. Wilnot was hit rather freely, but brilliant fielding behind him kept Akron blanked in all but one inning. Huling's timely single in the first drove in two runs for the locals. Wilnot's hit, a sacrifice by Quinn and Cooper's hit did the business for the winning run in the tenth. Score: R. H. E.

## NINETEEN MEN IN MGR. PERCY'S BUNCH

Manager Percy Stetler's baseball bunch, 19 strong, arrived this morning from Lancaster and put up at the Hotel Seltzer. The little manager announced that his team would probably line up as follows: Hagan 3b, Brown 2b, Tibbitt rf, Smith cf, Lindeman 1b, Anderson ss, Wagner c, Brishine lf, Dewald or Stanford c, Vibahn, Carroll, Kiben or Lawtner, pitchers.

The New Castle manager is a little man but knows baseball from A to Z. He has not yet decided just what his team will be when it is down to the regulation number.

O'Neill May Pitch.  
The Newark lineup will be the same today as in yesterday's game with the possible exception of the pitchers. It was announced that Jack O'Neill had been released last Friday night, but it seems that Manager Cotton Bates reconsidered and held on to the young man from his home town. O'Neill has been on the coaching line in each game since the opener.

## NEW INFIELDER

A rumor was circulated on the street this morning that the Newark management had a line out for a new infielder. It is said that a man in Columbus and one in Cincinnati are on the string and that the salary is also very large. The second base position is a weak point and the management wants to strengthen the team there as soon as possible. The Newark team worked nicely on Tuesday except on the coaching lines, and once or twice it looked as though a score might have been counted if the coaches had not been afraid of taking a chance.

## NEW CASTLE SPORTING

EDITOR IS IN TOWN.  
Mr. C. A. Smiley, sporting editor of the New Castle Herald, the paper owned by Mr. A. C. Dickinson, formerly of this city, arrived in town this morning with the New Castle ball team. Mr. Smiley is taking the turn around the circuit with Manager Percy's bunch, and is taking care of his paper on the news. He is a newspaper man of wide experience and is well posted on sporting events of the day. He will cover today's game for the Herald.

They Want Sunday Ball.  
Petitions are being circulated throughout Mansfield today in the interest of Sunday baseball games. They were started yesterday afternoon and at noon today nearly 1000 signatures had been secured to these petitions. It was rumored on the streets this morning that affidavits were being prepared for use next Sunday, and that all of the cigar stores and confectionery stores will be closed and that the newboys will not be allowed to sell papers and other forms of Sunday violations will be stopped.

No Quintet Game.  
Newark quintet rollers were scheduled for a game with Coshocton Monday night and for some reason they failed to show up. The Coshocton boys were so over what they considered a small trick on the part of Newark bowlers who issued the challenge then refused to play after it had been accepted. The Coshocton bunch think Newark showed a streak of "yellow."

## GUN CLUB SHOOT

## AMERICANS FIRST IN ATHENS SPORTS

Washington, May 2—President Roosevelt today received the following telegram from James E. Sullivan, manager of the American athletes at Athens:

"American won. Final score for Stadium events: America, 11 firsts, 6 seconds, 6 thirds—75 points. Great Britain and all her possessions, 4 firsts, 6 seconds, 3 thirds—33 points. Greece and Sweden tied for third place. Great athletic victory for America."

## JEFFRIES STILL HAS SOME SPEED

Although he refused \$120,000 to take part in six battles, Jim Jeffries, the retired heavy weight champion of the world, was willing earlier in the week to come forth and give an exhibition of his prowess for nothing in the in-

terests of the suffering people of San Francisco. In the two two-round contests in which Jeffries took part he demonstrated that he still had speed, although he was unusually heavy from not having done anything but manual work for a long time. Immediately after his exhibition Jeffries returned to his ranch where, he says, he will remain until called upon to again aid in some charitable undertaking.

## It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep, or eat well, have pain or misery anywhere, your nerves are weak, and your system run-down. To restore this vitality take Dr. Miles' Nerve which will strengthen and build up the nerves. You cannot be healthy without strong nerves. "For eighteen years Dr. Miles' Nerve and An-Pain Pills have been my close companions. Early in married life, while rearing children, my nerves became all worn-out and I could not sleep, had no appetite, indigestion very bad, and had such awful dizzy spells. Then I began using Dr. Miles' Nerve, and at once began to improve, and soon found myself in perfect health."

## FRENCH MINISTER WHO EXPOSES CANARDS.

M. Georges Clemenceau.

Paris, May 1.—The dispatches from France, which have been published abroad on the gravity of the internal situation of that country, and the danger of an imminent revolution are stamped as absurd exaggerations in an interview which I had with M. Clemenceau, Minister of the Interior, who said:

"The actual disturbance among the working classes is due to a variety of causes, on which the light will ultimately be shed, for we must at once seek to fix the responsibility for this movement, while ignoring the service of certain subsidies which have been distributed to the strikers."

"There is no doubt that the near approach of the general election has a preponderating influence on the propaganda, and the continuance of the movement, for on one side certain socialist candidates consider a strike as necessary to their election, and they are endeavoring to prolong the agitation until May 6."

On the other hand, certain reactionary groups and publications devote themselves to the exploitation and exaggeration of the fears of a social revolution, with the object of provoking a counter movement from the fear-stricken populace.

"But the reactionaries themselves

are now beginning to understand that in view of the strong anarchistic element which exists they are playing a dangerous game and they are now changing their tactics, fearing that a too widespread movement would defeat their own hopes and ends. They have shown the seeds of fear. This fear is turning the tide against them."

"As far as any fear of the actual possibility of a social revolution is concerned, this fear is absolutely chimerical, for, if there exists in our country as elsewhere some hundreds of thousands of men in latent and permanent revolt against established social order, there also exist several millions of people interested in the maintenance of the social edifice."

"It is armor therefore is not in danger, and the duty of a government, whatever its policies may be, is to defend the nation by enforcing order in the streets and to insure the respect for individual property and liberty, and yet may be certain that in this case the authorities will not fail in their duty."

"After the elections this effervescence will subside and we will then have to face these social problems, which call for urgent study as to the best means of finding their solution. This will be the work which the new Parliament will have to face."

lodges, together with the team of Roland lodge, were in attendance at the meeting, where the Knight rank was conferred in amplified form on three candidates of Altamaha lodge. The work was done in the excellent manner for which that team is noted. At the conclusion of the work refreshments were served.

## STATE NEWS

**Mrs. Chadwick's Statement.**  
Columbus, O., May 2.—On the advice of her attorney, Thomas E. Powell of Columbus, Mrs. Cassie L. Chadwick is preparing a statement in which will be incorporated all her financial transactions and the methods she used in securing the money which landed her in the penitentiary. Mrs. Chadwick said: "I have become tired of false statements and unfounded reports and do not propose to longer keep silent and endure the fire of criticism while the main wrongdoers are enjoying their freedom and liberty."

**Mother Recovers Child.**  
Columbus, O., May 2.—Grabbing her pretty five-year-old daughter from the arms of her mother-in-law as she opened the door at 1101 Neil avenue in response to a rap, Mrs. J. S. Paisley of Point Pleasant, W. Va., hurried to a cab held in waiting and was driven rapidly to the railway station, where she boarded a train for home. The woman said her husband, from whom she had been separated for some time, left this city a week ago last Sunday and stole their child away from her in Point Pleasant.

**Bond Issues Under Longworth Act.**  
Columbus, O., May 2.—In the case arising at Tiffin, the supreme court reversed the circuit court of Seneca county and ruled that the limitation of the Longworth bonding act applies only to bond issues since the law was enacted. This will make good all bond issues under the Longworth act.

**Would Exterminate Dogs.**  
Toledo, O., May 2.—According to the statement of Health Officer Rinehart Toledo is in danger of an epidemic of rabies. The health officer says that several mad dogs already examined and killed have spread the disease rapidly, and that at least 5,000 dogs in the city should be disposed of.

**Cracked a Safe.**  
Fremont, O., May 2.—At Lindsay thieves entered the store of C. B. Bowers, postmaster, and blew open the postoffice safe. They secured stamps valued at \$50, 500 postal cards and blank money orders, but only \$1.54 in money.

**Cincinnati Festival.**  
Cincinnati, O., May 2.—Cincinnati Tuesday night began the enjoyment of her seventeenth May musical festival. Music hall was brilliant with thousands of happy people, many of them full of memories of the success of former festivals and all of them tinged with sadness by the absence of the great leader and organizer, Theodore Thomas. The concert was called a Thomas memorial, and its program was in keeping with that idea. As in all previous festivals, commercialism is eliminated. The promoters are public-spirited citizens who serve without pay, the chorus sings for the pleasure obtained and there are never any dividends. If any surplus remains it is expended in enriching the forces of the next festival. Conspicuous in the audience were Congressman Nicholas Longworth and his bride, the president's daughter, and Sir Edward Elgar and Lady Elgar of England.

**Was Hit by a Train.**  
Akron, O., May 2.—"I'll not bid you goodbye until I see you in Akron," said Mrs. Jacob Baumgardner, wife of a farmer and lumber dealer of Everett, this county, to her son, previous to his intended departure for Macon, Ga., to embark in the lumber business. Later, while she was on her way to Akron, she was run down and killed by a fast freight train.

**Fatal Gas Explosion.**  
Fostoria, O., May 2.—Mrs. Lee Fox was fatally and her husband seriously burned by an explosion of gas. A hot plate was connected with a rubber tube, which had partially pulled off, filling the house with gas. When he went to light the gas there was an explosion.

**Girl Burglar.**  
Youngstown, O., May 2.—Maggie Maloney, 9, confessed that she attempted to burglarize the residence of Mrs. D. Thompson on North avenue, where she was caught, and had burglarized three other houses within a short time before.

**Cincinnati Man Killed.**  
Freeport, Ill., May 2.—A man supposed from letters in his pockets to have been Captain D. C. Underwood, either of Cincinnati or some city in Michigan, was accidentally killed by a passenger train here.

**Shot a Big Green Snake.**  
Dayton, O., May 2.—A corpulent snake between five and six feet long was shot yesterday afternoon by Mr. Albert Lipp at the rear exit of his father's shoe store on Second street. Nobody could be found to give the species of the snake, which was of a greenish hue.

**To Operate Test Well.**  
Mt. Vernon, O., May 2.—The Mansfield Oil and Gas company has completed arrangements for putting down its test well on the Burnson farm, southwest of that city. A derrick

which is now in the Utica field will be torn down at once and put up there.

**Death of John Phillips.**  
Coshocton, O., May 2.—Word has reached the city of the death of John Phillips, probably the oldest inhabitant of the county, at his home in Washington township. The deceased was born in this county in 1812, and was therefore 93 years of age.

## NEWARK ELKS WILL BE THERE

ANNUAL REUNION TO BE HELD  
AT DENVER, COLORADO,  
NEXT JULY.

Thousand Dollar Prize Will be Offered by Wealthy Miner of Colorado at Reunion.

The members of Newark lodge, B. P. O. E., of this city, are taking great interest in the annual reunion of Elks which is to be held in Denver, Colo., in July. A large delegation from this city, numbering between 25 and 30, will join the Columbus delegation and make the journey in handsomely equipped cars. Mr. George E. Graesser is the delegate from Newark lodge and Attorney W. D. Fulton is the alternate.

Up to 1890 the sessions of the grand lodge of Elks were held in the city of New York. In that year the meeting was held in Cleveland, followed by Louisville next year, then Buffalo, Detroit, Atlantic City, Cincinnati, Minneapolis, New Orleans, St. Louis, Atlantic City, Milwaukee, Salt Lake City, Baltimore, Cincinnati and Buffalo.

Baltimore and Philadelphia will contest this year at Denver for the next meeting. Reports from Denver to the Elks at Newark say that more than \$100,000 will be spent for the entertainment of the Elks who attend the reunion, and that one of the largest wild west shows even given in the west will be arranged for the entertainment of the visitors.

One of the sensations of the big reunion will be a delegation from Honolulu, which will travel from the Hawaiian islands to attend the reunion. They will probably cover the longest distance of any delegation, but because the delegation will be small they may not get the \$1,000 prize for the delegation traveling the greatest aggregate number of miles. The presence of this delegation from such a distant point and the assembling of a multitude of ladies at the reunion, will be two of the notable features, which other reunions have not included.

A silver elk valued at \$1,000 is to be given by Fred G. Shafter a wealthy mining man of Colorado, for the lodge bringing the largest delegation of ladies to the reunion, and this will doubtless make that feature a notable success. The Honolulu lodge of Elks has been organized two years and has nearly 500 members.
